HOW TO READ THE 13 MOON CALENDAR

THE TWO KEY CYCLES

13 Moon calendar date
Day of 28-day Moon/month

Galactic Signature

One of 260 Kin; a combination of Solar Seal and Galactic Tone (See page 15). From this you cast the Daily Code Spell (See page 18).

The Kin number shows what day it is on the Tzolkin (Shown on the back of this booklet).

Radial Plasma

The 13 Moon day of the week.
See also page 15.

Gregorian day of the week

Gregorian date

Lunar phase

Rainbow Bridge day, Every Silio (Friday). See page 21.

This symbol indicates that the Galactic Signature is a **galactic activation portal** - signatures with a high flow of galactic energies.

★ Indicates that the Galactic Signature is one of the "13 Clear Signs" from the tomb of Pacal Votan...

NEW BEAM : NEW SYNCHRONOMETER

We are living in a profoundly unique time on this planet, in this particular part of the galaxy. We are now being bathed in and transformed by a new **galactic beam** that commenced on Kin 164: Yellow Galactic Seed - July 26, 2013. The codes in this pocket calendar/synchronometer all come from this galactic beam. The purpose of this beam is to universalize synchronicity through universal unification in time.

While a calendar is a template of time, a **synchronometer** is a measure of synchronicity. Synchronicity is the universal norm. The 13 Moon synchronometer and all practices of the synchronic order define a new **Galactic Time Program**. This new time program elevates our perceptions by creating resonant pathways from the third-dimensional individual mind into the **Planetary Mind**, the **noosphere**. This occurs through codes, symbols and patterns that open our mind to higher vibrations, helping to link our consciousness to other star systems. **Vibration and resonance are the keys.**

As you follow this 13 Moon calendar/synchronometer day by day, note the subtle shifts in your perceptions. Notice how it is much easier to follow than the standard 12-month calendar: Thirteen Moons of 28 days or 4 weeks each. **Every "month" is structured the same.**

Every day also has a coded symbol called a "galactic signature" or kin. Use **the charts on pages 18 and 19 to find the codes for the daily kin**. Through tuning in to the daily codes, we can start thinking archetypally of our role within the collective, rather than individually of the personal.

Your galactic signature is your key to the fourth dimension: it helps you identify with the larger story playing out in an objective way, where your role is magical and creative. **Go to pages 16 and 17 to find yours - this is your password into the higher-dimensional life of universal synchronicity.**

MEDITATIONS ON TIME

Understanding Time is the missing key for humanity to wake up and create a time of world peace.

Time is not a quantity counted, but rather a quality experienced.

Time is NOT what calendars and clocks make us think it is.

Living according to linear clock time has led humanity away from its natural cycles.

Clock time compels us biological beings to live in a constant relationship with accelerating machine time.

We humans are the only species in all of creation out of sync with time's living cycles.

When a person, culture or civilization has every "minute" of their life determined by clock time, their instincts, intuition, telepathy and synchronicity will atrophy.

Time is fractal and holographic. Time is not money; Time is Art.

Living in artificial time turns every aspect of life into a commodity, because it separates us from time's living cycles.

MORE MEDITATIONS ON TIME

Like gravity, time is an invisible, fundamental principle of the universe which affects space.

Time controls, gives order to and evolves space through its natural cycles.

Time has been controlled and manipulated throughout history primarily through the use of calendars and clocks.

While some calendars helped to attune people to time's natural cycles, others have had the opposite effect.

Our present day 12-month Gregorian calendar can trace its roots back to ~5000 years ago, where it began in Babylon as a tax collection cycle.

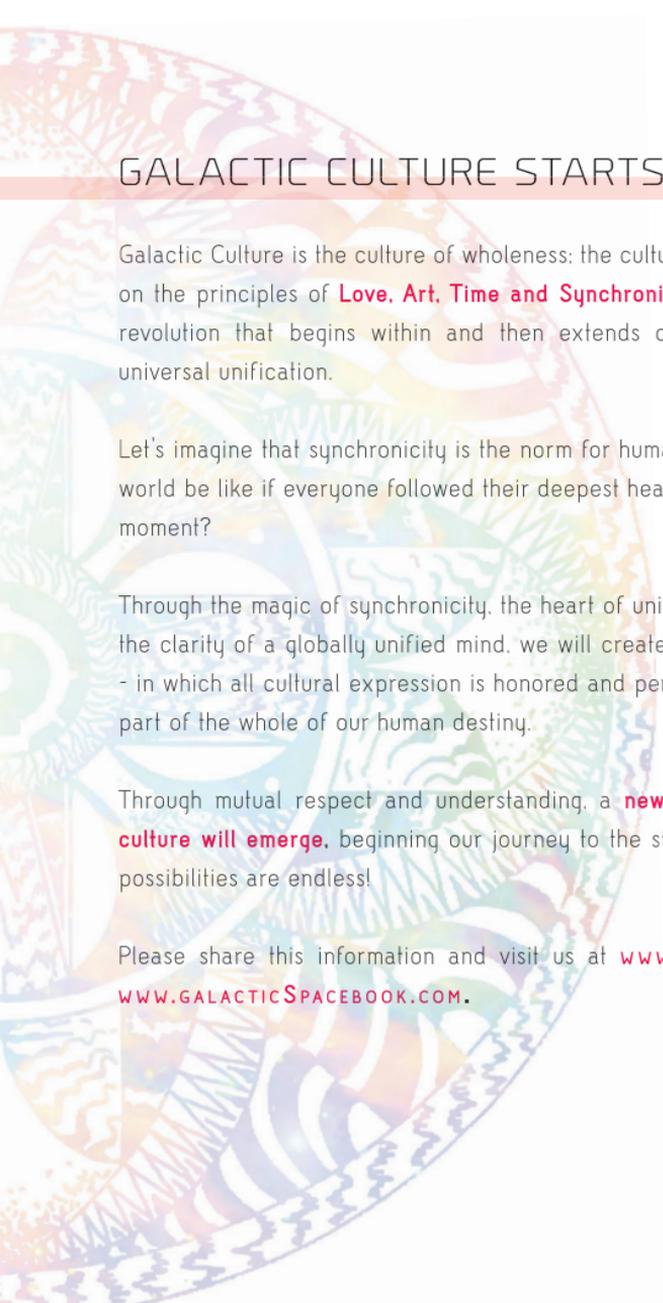

Once humanity is consciously brought back into the correct timing frequency, our activity as a species will become increasingly artistic.

Our connection to nature and our essence has been severed by use of an irregular calendar and mechanical clock.

Living out of sync with natural time has created the systemic disharmony, war and pollution that continue to accelerate.

How can we live in peace if we don't live within a time of peace?

The Law of Time is a universal law and principle. It states that 1) time is the universal factor of synchronization and 2) the velocity of time is instantaneously infinite.

GALACTIC CULTURE STARTS WITH YOU

Galactic Culture is the culture of wholeness: the culture of light. It is based on the principles of **Love, Art, Time and Synchronicity**. It is a planetary revolution that begins within and then extends out into programs of universal unification.

Let's imagine that synchronicity is the norm for humanity. What would our world be like if everyone followed their deepest heart's guidance in every moment?

Through the magic of synchronicity, the heart of universal unification and the clarity of a globally unified mind, we will create this Galactic Culture - in which all cultural expression is honored and perceived as an integral part of the whole of our human destiny.

Through mutual respect and understanding, a **new global and galactic culture will emerge**, beginning our journey to the stars and beyond. The possibilities are endless!

DAY OUT OF TIME

7/25

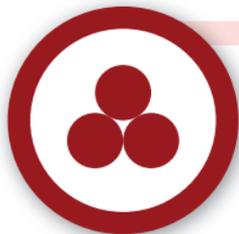

KIN
113

A principle activity of Galactic Culture is to organize the **DAY OUT OF TIME PEACE THROUGH CULTURE FESTIVAL**.

The Day out of Time, observed annually on July 25, is a day to celebrate Time as Art and to activate universal love and forgiveness. Help organize an event in your community! Visit our social network www.galacticfacebook.com to connect with people all around the world!

THE BANNER OF PEACE

The Banner of Peace is a key symbol of Galactic Culture. The three red spheres of the Banner of Peace represent the unity of **art**, **science** and **spirituality**. Red is the color of the life blood of the one human family. The red circle around the three spheres represents the unity of culture and the cyclic nature of time.

*Where there is peace there is culture.
Where there is culture there is peace.*
-Nicholas Roerich

In 1935 in Washington D.C., twenty-two nations signed the Roerich Pact created by Nicholas Roerich to declare Peace through Culture.

THE 20 SOLAR SEALS & 13 GALACTIC TONES

The 20 Solar Seals and 13 Galactic Tones describe processes of cosmic creation. When combined, they make the 260 (13 x 20) galactic signatures of the Tzolkin/Harmonic Module.

SEALS IN THE BODY, SEALS IN THE EARTH

The codes of natural time are contained in our bodies and in the Earth.

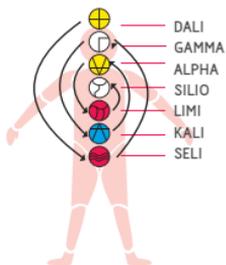

This is called the "Planet Holon" (Holon = 4th-dimensional body in time). Activate the Holon of Mother Earth daily to align yourself with Her.

13 TONES & 7 RADIAL PLASMAS IN THE BODY

The 13 articulations of the human body contain the frequencies of the 13 Galactic Tones.

The seven chakras contain the seven Radial Plasmas, the sub-sub-atomic electrical life force of the cosmos.

FIND YOUR GALACTIC SIGNATURE

Your galactic signature is your password into fourth-dimensional time.

The day you were born on the 13 Moon calendar is coded by your galactic signature. Your galactic signature is one of the 260 Kin of the Harmonic Module/Tzolkin (shown on the back of this booklet).

By playing the role of your galactic signature, you allow yourself - your mind, body and spirit - to vibrate to that particular frequency and you broadcast it out to everyone around you. This is **your gift to the world.**

To find your galactic signature, follow the instructions below:

- 1 What year were you born? Find the **bold** number next to the year you were born on the **Year Table**. *Example: Year 2014 has bold number "62".*
- 2 Take the Year Number you found and add it to the **bold** number next to the month you were born on the **Month Table**. *Example: July is "181".*
- 3 Now add the number of the **day** of the month that you were born. *Example: If you were born on July 26, add 26. **Leap Days:** If you were born on February 29 before noon local time, use February 28. If you were born after noon local time, use March 1.*
- 4 The total you have is the kin number of your galactic signature! **If the number you have is greater than 260, subtract 260.**
- 5 Now, look at the Tzolkin on the back of this booklet and locate the kin number. The Tzolkin is organized by the Seals into 20 rows. *Example: Kin 9 is the Red Moon seal  with tone number 9  (the Solar tone). The name of this signature  is "Red Solar Moon", or "9 Moon."*

Welcome to Galactic Culture!

CASTING THE CODE SPELL

Every galactic signature has key codes and energies that combine to create a *code spell* or affirmation. Using the formula below, you can construct the code spell for your own galactic signature or for the daily galactic signature. There are 260 code spells in all. Meditate on the code spell and see what messages and insights you might receive.

To find the code spell/affirmation replace the **red** letters in the formula below with the corresponding words in the tables on these two pages. *Before you begin find the Guide seal with the chart on page 20.*

I **A** in order to **B**

C D

I seal the **E** of **F**

With the **G** tone of **H**

» I am guided by the power of **F** (for *Guide seal*)

» If the Tone is • **MAGNETIC**, or — **RHYTHMIC**, or ≡ **SPECTRAL**, this line becomes:
"I am guided by my own power doubled"

On Galactic Activation Portal days, add: "I am a galactic activation portal enter me"

FINDING THE GUIDE

Use the **Guide Table** to find the Guide Seal of any kin or galactic signature.

Look for the Seal of the day in the far left **SEALS** column and match it with the corresponding Tone in the **TONES** columns (like a multiplication table).

For example, let's find the guide for **Kin 9, Red Solar Moon**

 Tone 9: SOLAR

 Seal 9: RED MOON

The Red Moon  row below the column with Tone 9  shows the Serpent . So the Red Serpent is the Guide Seal of Red Solar Moon.

The **perfect Guide** of any kin or signature always has the **same Tone** as that signature.

For example, the perfect Guide of Red **Solar** Moon is Red **Solar** Serpent.

 is perfectly guided by 

As mentioned on page 18 in the instructions for the Code Spell, the **galactic signatures with Tones 1, 6 or 11 are guided by the same Seal.**

 is guided by 

Red Spectral Moon its "own power doubled"

RAINBOW BRIDGE MEDITATION

Globally synchronized every ☯ Silio day.

Before the meditation it is good to take a few moments to clear your mind, dissolving all thoughts as they arise. Also focus on feeling love arise in your heart. When you feel your mind clear, then begin the visualization.

Visualize yourself inside the Earth's octahedron crystal core. Feel your heart at the center of this crystal core generating an intensely blazing point of white light.

This light from your heart core creates an etheric column that extends to the North and South poles from the blazing center to the tips of the octahedron.

Now visualize a great stream of multicolored plasma-filled light emanating from your heart core and flowing along the central axis toward both of Earth's poles, shooting out from them, to become two rainbow bands 180 degrees apart.

As Earth revolves on its axis, this rainbow bridge remains steady and constant, unmoving. Feel the two streams of rainbow light rushing through your central column, shooting out from above your head and beneath your feet to create a rainbow bridge around your body.

Now you and the rainbow bridge are one. The rainbow bridge of world peace is real. Visualized by enough people in a telepathic wave of love, the rainbow bridge will become a reality.

NATURAL MIND MEDITATION

The practice for awakening natural mind is extraordinarily simple. It is the most human form and experience you can have, and anyone can do it. You just have to sit still, with spine erect, seated on a chair with feet firmly on the floor or on a cushion or pillow with legs folded over each other in lotus or half lotus posture. Your eyes should be slightly opened looking toward the floor. You may place your hands comfortably on your knees, palms down, or place your right hand on your left hand, palms up, held at the level of your navel. Feel your intrinsic dignity in this posture.

Holding the spine erect is already waking up and staying awake. Now in this position, you have nothing to do but watch your breath. Breathe normally. As you become aware of your thoughts just label them "thinking", and as you exhale, dissolve the thoughts. It matters not the least the nature or content of the thoughts, just dissolve them. At that very moment just as the thought is dissolved, lies the "GAP" between the thoughts. It is this GAP you want to become familiar with and cultivate. It is the seed of natural mind and the key to your true, authentic self.

Practice this for at least 15 minutes per day and note the subtle shifts in your perceptions and attitudes. Mind the GAP!
