

## **Intergalactic Bulletin #10: Key Codes**

The 441 matrix Synchronotron is an evolving system of which the daily numbers are actually frequencies. As we become more familiar with the numbers, then we begin to understand more what these frequencies are and then begin to locate them on the Holomind Perceiver template (remembering that the left side of the template is the right side of the brain and the right side is the left side).

Every day you will be looking at a minimum of five points that are simultaneously activated in the Holomind Perceiver. The Synchronotron system teaches us how to maintain simultaneous levels of experience, points of reference, and simultaneous dimensions of reality which helps increase our continuing consciousness and tunes us into higher-dimensional thoughtforms (or mentation waves).

The following are the key codes to find the five key Base Matrix Units (heptad gate, daily calendar time matrix code, space (psi genetic) matrix code, synchronic matrix kin code and the daily master coordinating frequency (from which can also be found the cumulative frequency).

*Special thanks to Kin 97-Ashani for typing these in and Kin 201 Jacob for arranging and enhancing them. Also thanks to Kin 259 Mertxe, Kin 229 Luna, Kin 201 Jacob, Kin 1 Mike, Kin 4 Cecilia, Kin 193 Reynaldo and Kin 198 Luis for all of their assistance.*

*If anyone would like to type in the 260 fifth force oracle TFI/BMU's and fifth force seal oracles to add to the key codes that would be wonderful. Also, please let us know if you find any mistakes.*

The following is a list of the various Synchronotron practices that can be followed daily.

1. Five basic BMUs is where it all began + cumulative frequencies. (These are the main daily telepathic synchronization numbers to focus on). Can include musical notes with these (see [“How to Enter the 441 Cube Matrix”](#)).
2. Hunab Ku 21: Oracle BMU (five BMU's for each of the five seals in the daily oracle, added to the heptad gate BMU). This can be laid out daily on the Hunab Ku 21 Playing Board. Also includes heptad path frequency (two different ways to play – primary way is given in [“How to Enter Hunab Ku 21”](#), second way is described in [Intergalactic Bulletin #9](#)).

- 13:7 Synchronotron Wheel: 13 and 7 reciprocal interval BMU, sum BMU and composite BMU. (See [Intergalactic Bulletin #4](#) for instructions – [Click here to download the key codes](#) <http://www.lawoftime.org/pdfs/441-13-7-Wheel-BMUs.pdf>).

- Galactic I Ching BMU (see [CHC Vol. 6](#), as well as [this template, click to download](#)) <http://www.lawoftime.org/pdfs/441-GalacticIChing.pdf>
- Tonal Value (Time lens x Daily Tone – see [Intergalactic Bulletin #9](#))
- [Hexamaride of the Octave](#) (simply follow along each day) <http://www.lawoftime.org/timeshipearth/articlesbyvv/hexameride.html>
- Fifth force oracle: Sum of the five kin numbers of the daily oracle.
- Daily fifth force number signature: Sum of the five solar seals of the daily oracle, plus the seal of the daily heptad gate.

### Key to the Four Outer Time Dimensions

“These four outer time dimensions function as a multiple track recording. All of the universe as you know it, and even beyond what you presently know, is a function of the four overlays of galactic time.” – Valum Votan

*Memory of all time contained in the four outer time dimensions.*

The four outer time dimensions govern all aspects of the cosmos as an evolutionary process from matter to consciousness that pertain to the issue of prophecy and its relation to the struggle between spirit and matter.

Let's look more closely at these four outer time dimensions and what information is loaded into them. We can only give clues here – these are to be meditated on to derive the deeper layers of meaning.

Imagine the 441 cube as a master synthesizing matrix that contains all knowledge that has been known or can be known in a simple matrix, which is a fractal of a larger matrix. The following as given by VV (Note: this is just to give a rough idea of how to think about the nature of each of the four time dimensions, but is really meant to be meditated on as a single whole).
