According to the doctrine of correspondence, every manifestation or appearance is a sign that corresponds to another reality – a symbolic reality – projected by the mind itself.

Any knowledge that we avail ourselves of regarding the noosphere and the psi bank, quickens and precipitates the mental/spiritual quantum shift in our consciousness and in our own self-perception.

If the biosphere is the region of the Earth for the transformation of cosmic energy, then the noosphere is the region of the Earth for the cultivation of cosmic mediumship.

Only people with clear perception of their role in the Divine Plan can truly cultivate calm indifference, for they know they have nothing left to lose.

Solstice (Summer northern hemisphere/Winter southern hemisphere). The distinction that keeps most people from realizing their potential is that we live in a state of mental oppression and intimidation.

Begin Eagle Wavespell (19) of Vision. Practice being inside of a crystal; while your physical body sits in meditation, your mind, consciousness and soul experience the world inside the crystal.

Once you learn to control your thoughts it is important to understand what is involved in the construction of the images of the world; different senses create mental imagery.

When you finally realize that your mind is always living and moving through the noosphere, you will be surprised at how few varieties of thoughtforms are actually called forth each day.
